

# GZCLP — Intermediate Routine

Linear progression after your first few months in the gym

GZCLP trains 3 days per week using 4 different workouts. Rotate Day 1 through Day 4 — each main lift is trained twice per rotation: once heavy (T1) and once lighter (T2). Back work uses lat pulldowns and bent-over rows. The "+" means your last set is as many good reps as you can manage.

## How the Tiers Work

- T1 — heaviest main lift (5 x 3+ with AMRAP on the last set).
- T2 — same lifts, lighter weight (3 x 10).
- T3 — back support work (3 x 15+ with AMRAP on the last set).

## Day 1

T1: Squat — 5 x 3+

T2: Bench Press — 3 x 10

T3: Lat Pulldown — 3 x 15+

## Day 2

T1: Overhead Press — 5 x 3+

T2: Deadlift — 3 x 10

T3: Bent-Over Row — 3 x 15+

## Day 3

T1: Bench Press — 5 x 3+

T2: Squat — 3 x 10

T3: Lat Pulldown — 3 x 15+

## Day 4

T1: Deadlift — 5 x 3+

T2: Overhead Press — 3 x 10

T3: Bent-Over Row — 3 x 15+
